Instructors

Gale Glover

I have been active in healing work most of my life, first as a nurse, and later in Healing Touch, then in 1993 with the Healing Pathway. I have taught all Phases of the Healing Pathway curriculum. **To** each workshop I bring my sense of humour, story-telling, compassion, and listening skills. **From** every workshop I gain new knowledge, new insights into the depth and breadth of this gift of healing in people's lives, and always a renewed sense of awe at the presence of the Spirit in each person and in the ability of every individual to share this energy of Love with others.
